

# EWG13 2012A

## Energy Saving Windows Thermal Performance Simulation Training Thailand

11-12 April 2013

EGEE&C 41

North Star Continental Grand Hotel, Beijing

# Development of Energy Saving Window Thermal Performance Simulation Training

- An activities towards the establishment of **Building Materials Testing and Certification Center (BMTCC)**.
- The workshop runs under the cooperation among 4 parties
  - **DEDE** (Dr. Prasert Sinsukprasert)
  - **USDOE** (Cary Bloyd)
  - **US Consultant** (Bipin Shah)
  - **KMUTT** (Dr.Pattana Rakkwamsuk)
- Proposal was submitted to APEC Secretariat Office in Singapore in **June 2012** and a grant to run the workshop was awarded in mid of **July 2012**.

## Project update

- In the proposal, responsible role
  - Dr.Prasert (DEDE) is the **project overseer**
  - Dr.Pattana (KMUTT) is responsible for **organizing the workshop**
- **A four-day workshop**
  - the first day will be arranged for **a policy workshop**
  - the rest will be a **window performance software training**
- The project costs **USD \$98,956.25**
  - Only **USD 67,156.25** was requested from APEC (**USD 19,000** for labour and hosting)
  - The rest will be a **self-funding**

## **What is the status of the project?**

In short,

- (1) DEDE has appointed KMUTT to organized the workshop.
- (2) TOR is being drafted and will send to APEC Secretariat Office, soon to develop the contract between APEC and KMUTT.
