

EGEE&C and EGNRET

Joint Meeting Discussion

March 21, 2019

**Asia-Pacific
Economic Cooperation**

EGNRET 52 & EGEE&C 53 Joint Meeting

Hong Kong, China March. 18-22, 2019

Collaborative Action between RE and EE

■ Chile's suggested priorities

■ EV:

- EV could be the linkage between renewable energy and energy efficiency.
- Need to specific the scope of the work
- Including the transport working group to join the discussion.

■ Joint meeting- mutual interest

- Having the specific topic to have a focused conversation
- Control the size of the meeting.
- Future implication of renewable energy and energy efficiency.

Energy regulatory, transmission operator, business model, etc.

- Building sector: demand side is more comparable than supply side.
